December 11, 2008

Sir:

A clerical error has been noted in the Remarks of the Amendment filed in the USPTO on December 5, 2008. Specifically, the penultimate paragraph on page 9 of said Amendment is in error with respect to the claim numbering set forth therein. Thus, it is requested that the penultimate paragraph on page 9 be replaced with the following corrected paragraph shown in bold:

Thus, it is believed that claims 20-34, directed to a liquid preparation (claims 20-28 and 30) and a lyophilized drug composition (claims 29 and 31-34), are novel and nonobvious over the prior art.

Application No. 10/509,912
Amendment dated December 5, 2008

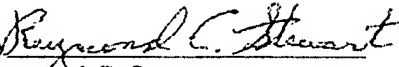

Docket No.: 0020-5301PUS1

Specifically the claim numbers have been corrected. The remainder of the Amendment filed on December 5, 2008 is considered correct as filed.

Favorable action is requested.

Dated: December 10, 2008

Respectfully submitted,

By
